The screenshot shows the GitHub Branches overview page for a repository. At the top, there is a search bar and tabs for 'Overview', 'Yours', 'Active', 'Stale', and 'All branches'. A 'New branch' button is on the right. The 'Default branch' section shows the 'main' branch, updated 4 days ago by Chinglew, with a 'Default' label and a 'Protect this branch' button. Below this, a message states 'Your main branch isn't protected' with instructions to protect the branch from force pushing, deletion, or require status checks before merging. The 'Your branches' and 'Active branches' sections both list the 'login_page' branch, updated 22 hours ago by SuteeSaraphan, with a progress bar showing 0/8 and a 'New pull request' button.
